WEBINAR INVITATION - European Commissions' New toolkit for teachers

Dear Teacher,

Would you like to discuss sustainability issues with your students and encourage them to protect our planet?

JOIN US AND FIND OUT MORE AT OUR WEBINAR 'Educational toolkit: ready for the Green Challenge!'

On the **4th of May at 12h**, we are organising a **35 minute webinar** in English to introduce you to the toolkit. We will present the classroom ideas and reply to any questions you may have on how to best implement green projects in your school.

REGISTER for the webinar before 3rd of May [here](#). Share this email with your teacher colleagues so they join as well! Only registered participants will be able to attend!

THE TOOLKIT

With young people taking to the streets nowadays to demand climate action, the European Commission aims to showcase existing green solutions, to encourage young people to play an active role in the green change and to promote a more sustainable lifestyle.

The new toolkit was developed as part of the European Commission Directorate-General for Regional and Urban Policy, Green Trip campaign and it is available **in all EU official languages** [here](#).

The toolkit for secondary school teachers offers fun and informative classroom activities ideas, background environmental facts, project examples and green actions that students can do in school but also take to their everyday lives.

We would like to invite you to join the European Commission's mission to create a green community. You can help by raising awareness about environmental concerns and solutions among your students, and by promoting sustainable lifestyles.

Best regards,

Green Trip team

The European Commission, Directorate-General for Regional and Urban Policy
