Dear ,

Seeing as the last couple of weeks have been a whirlwind for everyone, I wanted to personally reach out to you to make sure you received our previous invitation to the next EON-XR Global Event on April 28.

In case you didn't see it, the live-streaming event will be one of the biggest in EON Reality's history, bringing tons of our top partners, clients, and connections together for a reveal of some of the most important features of EON-XR both presently and in the near future. It'll feature a few discussions with EON Reality's top personnel, as well as several presentations from some of our biggest collaborators.

You can still register directly through [our website](#). Although we haven't formally announced the lineup of speakers yet, I can tell you that the whole thing will take about an hour and be full of information you won't want to miss. If you attended the last one, you'll be in for a surprise with our new and improved methodology. It starts at 8am PST / 17:00 CET on April 28, and will be rebroadcast for our friends in the APAC region.

Please let me know if you have any questions.
Kind Regards,
